**Job Description**

Ecolab is a company committed to achievement and will provide a place for you to grow personally and professionally. The success of our associates and company go hand in hand! We are a company founded on entrepreneurial spirit and we offer a unique culture where "The Solution is YOU." If your goals include building a career at a company where pride, passion and individual initiative really matter, then Ecolab is the place for you.

**Mechanical / Technical Service Specialist Opportunities / GCS Division**

The GCS Division of Ecolab is the premier national provider of service and parts in the commercial food equipment industry. As a trusted partner serving the food service and hospitality markets, we provide preventive maintenance, service and repair of commercial refrigeration, cooking and warewashing equipment. Our success is due to our people, and we are looking for more great people to join our nationwide team.

Combine your customer service skills with your mechanical aptitude to maintain existing accounts and develop new business. You will partner with your customers to help them recover from unexpected equipment breakdowns and avoid predictable costs through preventive maintenance. Successful individuals can come from a variety of backgrounds, such as appliance repair, HVAC/R, and facilities maintenance. Self motivation with a disciplined work ethic, as well as effective time management and organizational skills are essential to your success.
